TRANSPORT & LIFTING

## ABOUT Lyft.

LYFT is one of the pioneer Transport & Lifting Company in the Kingdom of Saudi Arabia with most modern Equipment and Technology. LYFT, we proudly offer Transport, Logistics, Heavy Lifting and Rental Equipment's that helps construction companies, contractors and engineers deliver on their ongoing projects more efficiently. LYFT has the experience and equipment to devise the best solution for transporting a large variety of structures, materials, and equipment.

We engineer the move, identify the best suited equipment, and manage all the logistics and jurisdictional load restrictions. LYFT provides solutions within a wide range of sectors. The solutions are based on a combination of a high level of service and IT. This ensures quality, flexibility, stable transports and safe handling of your goods.

At the same time, we take care of the paperwork which enables the transports to be tracked-and-traced round the clock and be delivered on time. LYFT delivers sensible, high-caliber solutions. We do this by focusing on

- Large capacity.
- Flexibility.
- Future-oriented data structure.
- Modern IT.
- Expert employees.
- A high level of service.

## MISSION

To be the leader in the heavy lifting and transportation industry. Providing professional engineering solutions and services complying with the highest standards of quality and safety.

01

## VISION

To ensure the company's continued leadership through customer service, product availability and growth while accelerating understanding of the needs of the market and ambition of our Kingdom.

02

## VALUES

LYFT's shared values & use them to guide our decision-making & corporate culture:

- Integrity ● Professionalism
- Pride | Trust ● Competence
- Respect & Tolerance
- Excellence

03

## SAFETY

LYFT's approach to safety has led to safety records that stand out as the best in the industry.

# TRANSPORT

At LYFT we offer comprehensive transportation solutions designed to accommodate the current & future needs in the Saudi Economy, all in line with the country's 2030 vision.

Our transportation solutions include the following:

## **GOODS & RAW MATERIAL TRANSPORTATION**

Whether you are shipping raw materials to your client's site or collecting them from the supplier, LYFT Transportation can help you doing this job in an efficient way. We work both in the commercial and domestic sector and try our best to fulfill the requirements of our customers in an efficient way.

## **CONTAINER TRANSPORTATION**

LYFT container transport fulfilling the needs of companies. Our committed team of container transport service experts can deliver the solutions you need to keep your operations running smoothly and efficiently, while also providing additional services when the needs arise.

## **PROJECT TRANSPORTATION**

We offer the best solution from experience, knowledge and capabilities for Over dimensional cargo movement [ODC], Transportation of cargo of any size and weight, Transportation of sensitive cargo in air suspension trailers and Container cargo movement. Our project logistics team offer value services such as early project transport plan, budget forecast, on-site planning and safest transport by efficient method.

# OUR TRANSPORTATION FLEETS

## FLAT BED TRAILERS

- 9 Mtr X 2.5 Mtr X 1.7 Mtr - 2 Axle - 20 Ton
- 13 Mtr X 2.5 Mtr X 1.7 Mtr - 3 Axle - 30 Ton
- 15 Mtr X 2.5 Mtr X 1.8 Mtr - 6 Axle - 100 Ton
- 12 Mtr X 2.5 Mtr X 1.6 Mtr - 2 Axle - (Grill Type) 40 Ton

## LOW BED TRAILERS

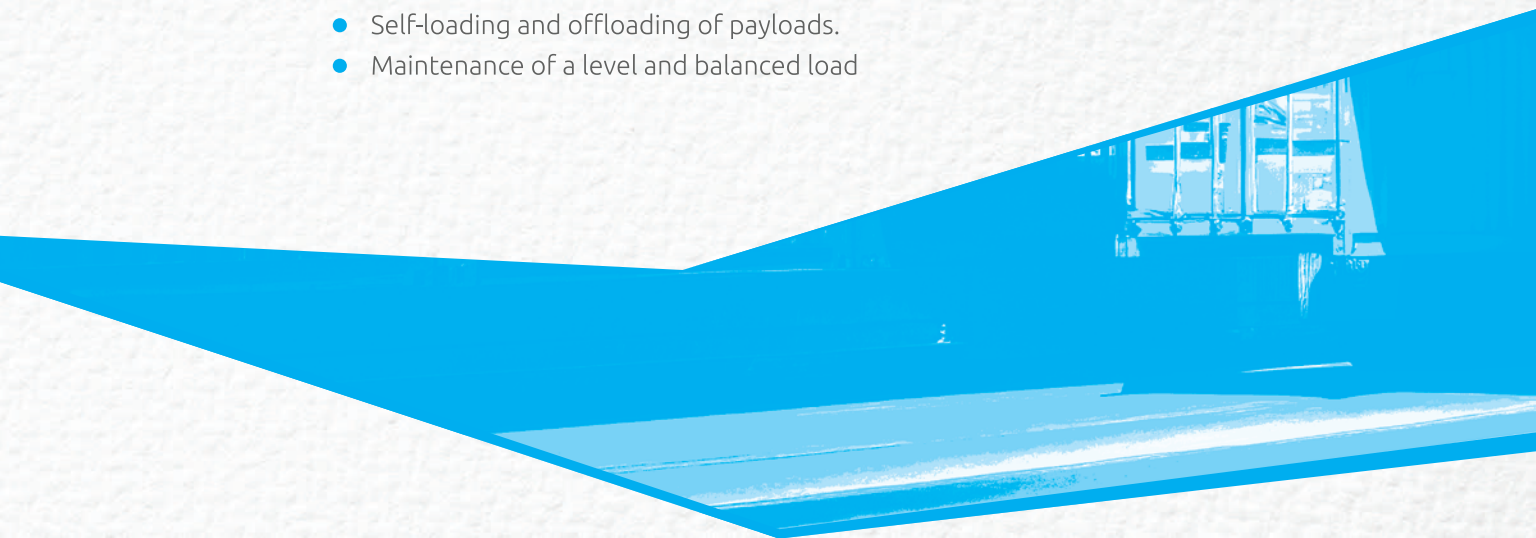

- 12 Mtr X 3.8 Mtr X 1.3 Mtr - 2 Axle - 35ton
- 15 Mtr X 3.5 Mtr X 1.1 Mtr - 3 Axle - 100 Ton
- 13.5 Mtr X 3.0 Mtr X 1.2 Mtr - 4 Axle - 70 Ton
- 15mtr X 3.0 Mtr X 1.1 Mtr (Ext. Up To 12 Mtr) - 3 Axle - 40 Ton
- 16.70 Mtr X 3.5 Mtr X 1.0 Mtr - 4 Axle - 100 Ton

## HYDRAULIC TRAILERS

### SELF-PROPELLED MODULAR TRAILER-COMETTO

Hydraulic Suspension System has several functions:

- Adjustment of the running height of 1500mm by +/- 350mm.
- Axle loads of 48t at 0.5km/h
- Axle loads of 40.80t at 5km/h.
- Axle loads of 37.96t at 10km/h.
- Adjustment of the longitudinal and transverse levels of trailers.
- Compensation of cross falls and changes in gradient.
- Self-loading and offloading of payloads.
- Maintenance of a level and balanced load

## **DOLLY TRAILERS**

Two individual conventional Bogies connected via rope which can be extended to the length of load.

Manufacturer : Dolly

Width : 2.5 M

Length : Depends On Load Length

Height : 1.8 M

Load Capacity : 80 Ton

## **DROP DECK**

Drop Deck is a loading deck attachment to the trailer bogies which reduces the overall transportation height of the load.

Width : 3 M

Length : 8 M To 21 M

Height : 0.7 M  $\pm$  0.3 M

Load Capacity : 300 Ton

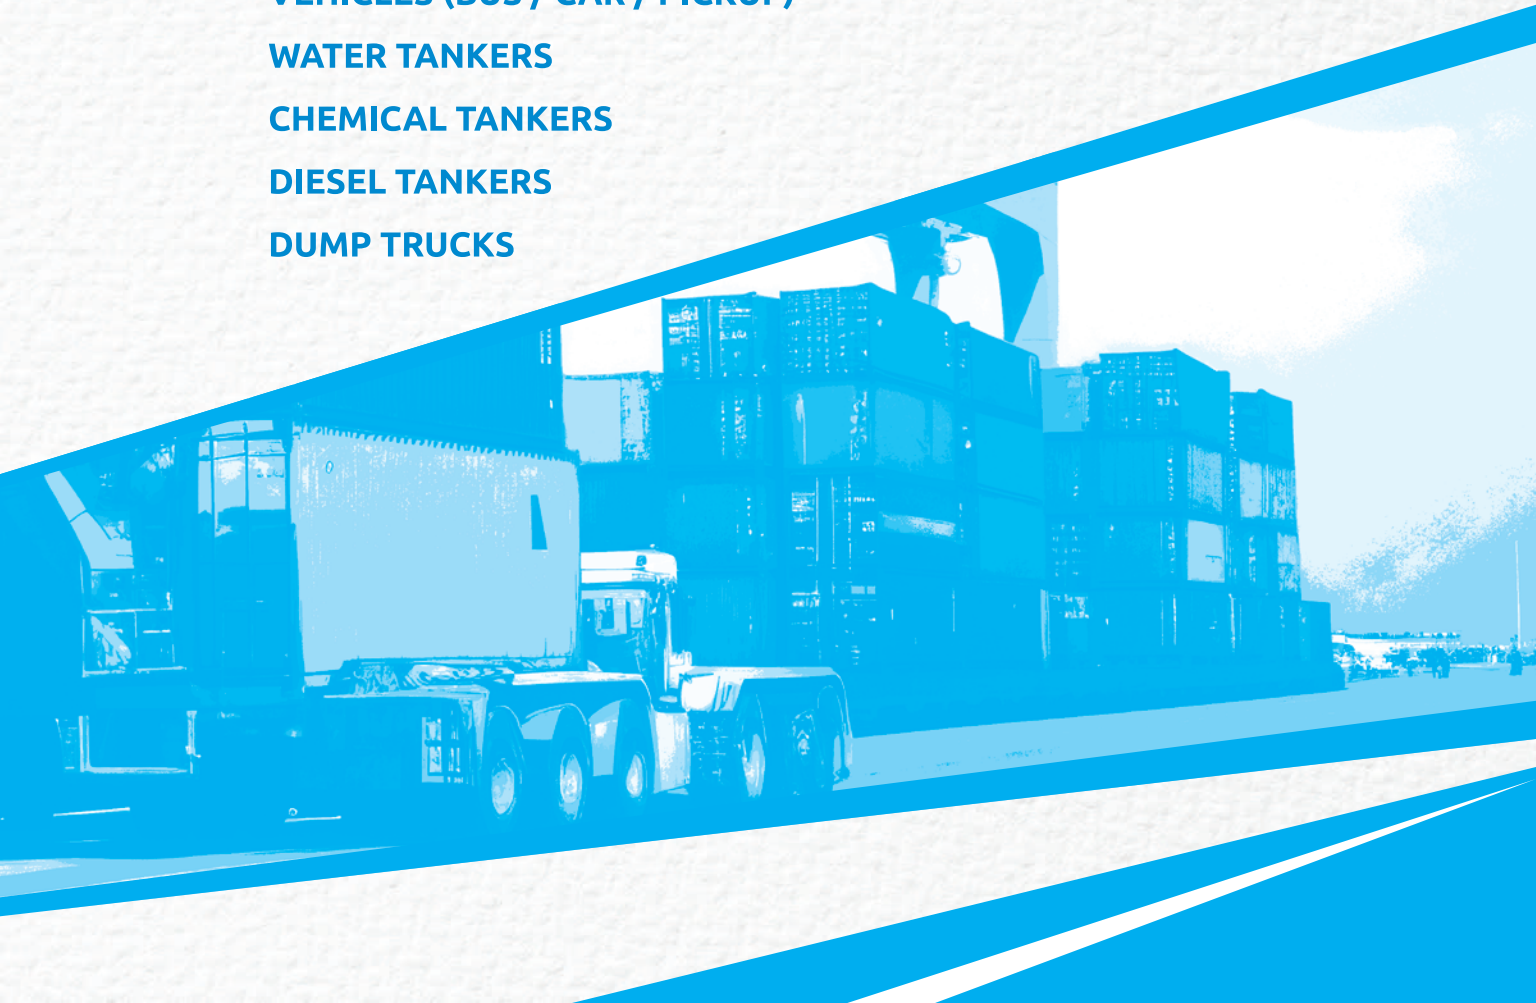

## **VEHICLES (BUS / CAR / PICKUP)**

### **WATER TANKERS**

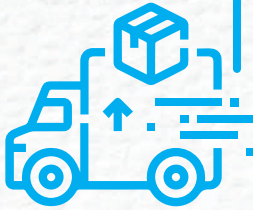

### **CHEMICAL TANKERS**

### **DIESEL TANKERS**

### **DUMP TRUCKS**

# LOGISTICS

## CONTRACT LOGISTICS

LYFT, it is our commitment to exceed our customer's expectations. Our dedicated transportation management solutions provide dedicated resources to fulfill your transportation demands without requiring any of the investment of ownership. LYFT's Contracts logistics solutions is reinforced by its culture of "Nothing is Impossible" and its unrelenting commitment to provide optimal solutions.

## CHEMICAL LOGISTICS

LYFT presents itself as a reliable logistics partner for companies in the chemical industry. Our experts specially trained in the handling of chemical goods organize the transport of special products for you.

## CUSTOM CLEARANCE (ANY TYPE)

LYFT specializes in providing efficient and reliable custom clearance services, ensuring seamless import and export processes for our clients. With our expert team and in-depth knowledge of customs regulations, we navigate the complexities of custom clearance, facilitating timely delivery and compliance, while optimizing cost savings. Trust us for hassle-free customs solutions.

Partnering with an experienced and well-informed team like ours eliminates all your customs clearance and brokerage challenges to bring about efficiency in business while complying with relevant authorities. Global supply chain processes are usually stalled by issues with customs; for this reason, it is important to partner with a company with global reach.

Our professionals' hands-on expertise spans all aspects of imports and exports. Relying on our team's on-ground, real time knowledge, we can handle administration tasks swiftly and without complications for inbound and outbound clearances at all seaports, airports and road borders.

We provide expert customs brokerage services that ensure all documentation necessary are prepared correctly in advance to avoid any issues or delays during the process.

- Our licensed personnel are well versed and up to date on all the latest trade news as well as local trade regulations.
- All ratings of duties and taxes are accurately cleared by expert brokers in our network who handle all the complexities throughout the process.
- We do customs clearance at all major airports, seaports and border clearance between GCC countries plus other border countries of Saudi Arabia.

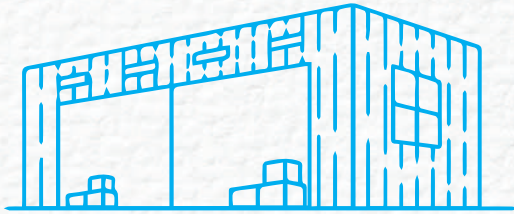

## **FREIGHT FORWARDING**

Imports and exports, road, sea, air and rail. LYFT offers full array and customized ocean freight services to ensure efficient handling of your cargo. We offer both Full Container Load (FCL) and Less-than-Container Load (LCL) services.

When dealing with time-sensitive deliveries over long distances, we offer swift and smooth transport through air freight. Our global network is empowered to handle logistics for consumables, perishables, sensitive equipment, small packages, project cargo and more. Backed by an experience of over 3 decades we can tailor shipping solutions with the shortest route and complete compliance with shipping guidelines.

We understand how critical time can be and offer customers on-the-go information about cargo location so they can plan ahead. Simultaneously, we also offer the choices of flexible shipping dates to maximize cost-effectiveness.

## WAREHOUSING

LYFT Is unique in its service offering when it comes to warehousing, we do not focus on providing just space, but we take the core Issue and provide an optional warehousing solution.

We work with companies from every conceivable sector, so we've amassed a huge amount of specialist knowledge. If your orders require special storage, handling, scanning or tracking, our experts around the network are here to help

### Our services include the following:

#### MULTI - USER WAREHOUSE

Transit Storage, Floor Storage, High-Rise Storage, Customs Storage & Storage / Process Optimization.

#### HANDLING

Goods Handling, Repacking, Palletizing, Labelling: all types of warehousing tasks.

#### WAREHOUSE NETWORK MODELING

Where Distribution strategy to satisfy demands at specified service levels and at lowest cost.

#### PICK & PACK

Daily order processing, special tasks large and small.

#### CONTAINER

Loading, Unloading, Transport, Carton - Goods, Palletized Goods, & Miscellaneous.

**IN-SOURCING** Clients Owns assets and LYFT fully manages all operations.

#### DESIGNING, BUILDING & EXECUTION OF WAREHOUSES

Taking into consideration products' special requirements, through-put, seasonality etc.

### WE OFFER WELL CONNECTED STORAGE SERVICES

#### WITH BELOW SPECIFICATIONS:

- Covered Storage Space
- Long Term / Short Term Storage
- Computerized Inventory Management
- Fire Safety & Prevention Arrangements
